General Business

- The VBSA put to the members that in light of COVID 19 all memberships would carry forward without penalty of non payment. It was agreed that in light of changing data requirements that the VBSA would reissue the membership form to catch certain information for the purpose of adhering to State and Federal laws that have changed in understanding NSO's and SSO's fabric and membership make up in order to serve them better with funding and legislation as well as privacy protection. This form will be made available to be completed by each member individually online at www.vbsa.org.au and a copy would be emailed to each team pennant captain for their follow up. This information is critical to maintaining the support of local and federal governments who have applied very much needed funding in support of the longevity and security of our sport.
- Peter from Cheltenham asked for the previous years minutes & current audited treasurers report including financials to be loaded onto the website along with the notice of impending AGM. As there is at least 21 days between the notice being issued and the meeting being held this would allow for members to view them and apply questions to the Board prior to the meeting. The Board would review and respond prior to the meeting and thereby expedite the meeting. Protocols were to be applied at the make up of the Board at the first General meeting for the 2021 year and these protocols would be notified to the members at the time of issuing the AGM notice. Members are to be reminded that the financial statements are audited to support the integrity and authenticity of the reporting process.
- Graeme McNeil tabled a discussion about placing a petition to the State Parliament with a view to preserving the Lindrum memorabilia which is currently in the hands of the trustee handling Dolly Lindrums' estate. David Chigwidden agreed with the support of the members to assist Graeme in searching for an equitable stance for the VBSA members to take and the membership present unanimously agreed to David doing that.
- David Chigwidden tabled a discussion about the VBSA investing in the upgrading of our website and membership renewal.
- Mark Dunn informed members of the commencement of pennant drawing near and that systems were being put in place to support that. Paul Cosgriff asked Mark to canvass players and clubs to seek support of the recommencement of competition play.
- The 2019 Bob Marshall Medal was won by Mr Steve Mifsud who was gracious enough to attend the meeting at which Mr Paul Cosgriff made a presentation to rousing applause. Well Done Steve.

Meeting closed at 9.49 pm. The next meeting it was agreed would be more like October or November but a date was not set as yet.
