*Premiership Points.

Each team of 4 receives 1 point for each game won in a match.

1 extra point is awarded to the team that wins the match.

To win a match a side must win more games than the opposing side. If both sides are equal on 2 games a piece then the side with the most points scored on the evening will be awarded the match win and the extra point. If both sides are equal on 2 games and have scored the same amount of points then each team will be awarded 2½ points for the match.

When viewing the ladder you may notice that Premiership Points will always equal Matches Won + Games Won.
