

IMPORTANT MESSAGE FROM THE RSL VICTORIA BILLIARDS & SNOOKER ASSOCIATION

See current COVIDSafe settings in Victoria for living and working, dining and shopping, using services, seeing others, getting active and more – <https://www.coronavirus.vic.gov.au/how-we-live>

It is expected that venue management teams will be required to examine vaccination evidence to ensure that only fully vaccinated persons are admitted. Nevertheless, it is reasonable to expect that situations will occur where some entry points may be unsupervised and/or evidence is not properly checked.

Each individual participating in this Association's activities is required to be fully vaccinated in accordance with the National COVID-19 Vaccination Program.

The Executive has appointed our honorary Vice President [*John van Zanden*] as this Association's **COVID-19 Safety Co-ordinator**.

In the best interests of the safety of all our members, the Safety Co-ordinator is required to sight satisfactory evidence of an individual's full vaccination status **BEFORE** that individual takes part in our activities.

Information concerning an individual's full vaccination status is collected and recorded solely to satisfy this Association that the individual qualifies for registration and participation in the activities of this Association.

Many individuals have already provided satisfactory evidence. However, any person nominated for membership of this Association after 1 January 2022 and who has not previously provided satisfactory evidence of full vaccination to the Safety Co-ordinator is required to present such evidence to qualify for registration.

Physical evidence [*for example, screenshot or image attachment*] provided by a person, once recorded for registration purposes, will be deleted or destroyed.

Please choose and utilise ONE of the following options to provide evidence of your COVID-19 vaccination status:

1. Send a screenshot of digital passport via email to rslsnookerbilliards@gmail.com **OR**
2. Send a screenshot of digital passport via SMS to John van Zanden [0412120402] **OR**
3. Contact John van Zanden [0412 120 402] to make other arrangements.

Individuals who fail to provide suitable evidence of full vaccination will not be permitted to attend or compete in the Association's activities. Registered members are assured that individuals named on our published results for 2022 have provided satisfactory evidence of full vaccination for COVID-19 to the Safety Co-ordinator.

Questions? Please contact the COVID-19 Safety Co-ordinator on 0412 120 402 without delay.

Paul Black
Honorary President
[*by direction of the Executive Committee*]

31 January 2022
